Frequently Ask Questions

What is Quarantine Services Australia?

Quarantine Services Australia (QSA) is an industry-led and funded travel and quarantine service established to help bring much needed skilled workers to Australia and assist international students seeking to return to their studies.

The current quarantine arrangements are rightly dedicated to a capped number of returning Australian citizens and limited other visa holders, with skilled migrant and student visa cohorts excluded from these arrangements.

This industry funded and managed quarantine initiative has been developed to deliver on the National Cabinet Reopening Plan by bringing in approved skilled visa holders and returning international students safely and securely through our borders.
